

## OEM Geely Automotive Engine Parts Car Air Oil Filter Replacement

Our Product Introduction

for more products please visit us on [auto-partsspare.com](http://auto-partsspare.com)

### Basic Information

- Place of Origin: China Zhejiang
- Brand Name: GEELY
- Model Number: JLE-4G18TD
- Minimum Order Quantity: 100
- Price: RMB+15+pc
- Packaging Details: Carton packing, 100 PCS per carton
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 50000+pc+30day

### Product Specification

- Product Name: Geely's Iron Oil Filter For Engine Parts
- Type: Auto Engine Parts
- Material: Aluminum
- Size: Standard Size
- Packing: Carton Packaging
- Quality: High Performance
- Highlight: Geely automotive engine parts,  
OEM automotive engine parts,  
OEM car air filter replacement

## Product Description

### *Geely's iron oil filter for engine parts*

Geely oil filter, as an important protective component of automobile engines, shows excellent quality and advantages in technology, technology, quality, workmanship and other aspects, and plays a vital role.

In terms of technology, Geely oil filter adopts advanced manufacturing technology and carefully carves every detail. The high-precision mold and strict production process ensure that the size of the filter is accurate, the structure is tight, and the best match with the engine.

In terms of technology, it integrates the latest filtration technology. Its unique filter element design can efficiently intercept impurities, dust and tiny particles in the oil, effectively prevent them from entering the engine, and reduce the probability of wear and failure.

In terms of quality, Geely always adheres to strict quality control standards. High-quality materials are selected and tested and screened layer by layer to ensure that the oil filter has excellent durability and stability, and can run stably for a long time under various complex working conditions.

The workmanship is fine, and every welding point and every seam are handled just right. The smooth surface and tight interface not only reflect Geely's pursuit of quality, but also ensure the smooth flow of oil without leakage and obstruction.

The advantages are significant. Compared with other brands of oil filters, Geely's products have higher filtration efficiency, longer service life and lower maintenance costs.

Its role should not be underestimated. First of all, it can effectively clean the oil, maintain the purity of the oil, provide a good lubrication environment for the engine, and extend the service life of the engine. Secondly, reduce the internal wear and corrosion of the engine, and improve the performance and power output of the engine. Finally, reduce the failure rate, reduce maintenance costs, and bring a more reassuring and comfortable driving experience to car owners.

In a word, Geely oil filter has become a reliable guardian to ensure the healthy operation of automobile engines with its exquisite craftsmanship, leading technology, excellent quality, fine workmanship, significant advantages and important role.

Product name	Geely's iron oil filter for engine parts
Type	Auto Engine Parts
Material	Aluminum
Size	Standard Size
Packing	carton packaging
Quality	High Performance
