

## Aftermarket Geely Vision X6 Rear Automotive Tail Lights Parts High Brightness

### Our Product Introduction

#### Basic Information

- Place of Origin: Zhejiang
- Brand Name: GEELY
- Model Number: 7057022300897
- Minimum Order Quantity: 1
- Price: RMB+660+pc
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 500+pc+30day

#### Product Specification

- Product Name: China Geely Parts Factory/Vision X6 Rear Taillight
- Fuel Type: Electric
- Color: Black Red
- Type: Car Electrical Parts
- Material: Plastic
- Car Make: Geely
- Highlight: **Geely Vision automotive tail lights,  
Vision X6 automotive tail lights,  
Geely Vision after market tail lights**

## Product Description

### China Geely Parts Factory/Vision X6 rear taillight

#### I. Exquisite design and unique modeling

The rear taillight assembly of Geely Vision X6 adopts a stylish and unique design. Its shape lines are smooth and natural, and it is perfectly integrated with the overall style of the car body, which not only increases the beauty of the vehicle, but also improves the recognition of the whole vehicle.

#### II. High-quality materials and exquisite craftsmanship

The rear taillight assembly is made of high-quality materials, which has good durability and corrosion resistance, and can maintain stable performance in various harsh environments. The exquisite process makes the surface of the taillight smooth and delicate, full of texture.

#### III. Excellent lighting effect

It contains a variety of functions, such as brake lights, turn signals, reversing lights, etc. These lights adopt advanced lighting technology, with high brightness and good light transmission. They can provide clear and bright instructions in various weather and light conditions to effectively improve driving safety.

#### IV. Accurate lighting instructions

The brake light can light up quickly when braking, providing a clear braking signal for the rear vehicle; the turn signal flashes clearly, indicating the steering intention of the vehicle; the reversing light provides sufficient lighting for the reversing operation, so that the driver can better observe the situation behind the car.

#### V. Reliable quality and stability

It has undergone strict quality testing and testing to ensure its reliability in long-term use. Whether it is daily driving or complex road conditions, it can work stably and reduce the possibility of failure.

#### 6. Good sealing

The taillight assembly has excellent sealing performance, which effectively prevents dust, water vapor, etc. from entering the lamp, protects internal components, and prolongs the service life.

In a word, the rear taillight assembly of Geely Vision X6 is not only a functional lighting device, but also one of the highlights of the rear design of the vehicle. Its exquisite design, high-quality materials, excellent lighting effect and reliable performance provide drivers with safety and a good visual experience.
