

Combination Switch KX11 Electric Vehicle Parts For Geely Xingyue L Automotive

Our Product Introduction

Basic Information

- Place of Origin: China zhejiang
- Brand Name: GEELY
- Model Number: 7042012500
- Minimum Order Quantity: 1
- Price: RMB+750+PC
- Packaging Details: carton packaging,
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 50000+PC+30day

Product Specification

- Product Name: Combination Switch (luxury, KX11)
- Fuel Type: Electric
- Color: Black
- Material: Aluminum,plastic
- Type: Car Electrical Parts
- Car Make: Geely Xingyue L
- Highlight: electric vehicle parts Combination Switch, electric vehicle parts Switch KX11, automotive electrical parts Switch KX11

Product Description

Geely Xingyue L combination switch (luxury, KX11)

Geely Xingyue L combination switch (luxury, KX11) has the following characteristics:

Advantages:

1. Function integration: Integrate a variety of control functions on one switch, which is convenient to operate and reduces driver distraction.
2. Accurate control: It can realize the accurate operation and adjustment of vehicle-related functions.
3. Humanized design: ergonomic, comfortable to operate and easy to master.

Principle:

The combination switch contains multiple circuits and contacts, which trigger the corresponding circuit to be turned on or disconnected through different positions and movements of the lever, thus sending control signals to each system of the vehicle.

Technology:

1. Electronic induction technology: it can accurately sense the movement and strength of the joystick.
2. Intelligent control technology: communicate and work together with the electronic system of the vehicle to realize the intelligent control function.

Workmanship:

1. High-quality materials: wear-resistant, high-temperature-resistant and corrosion-resistant materials are used to improve the service life.
2. Fine manufacturing: The processing accuracy of parts is high to ensure the stability and reliability of the switch.
3. Strict testing: After multiple quality testing processes to ensure product quality.

Features:

1. The design of the lever is reasonable: the length, shape and angle of the lever are carefully designed to facilitate the operation of the driver.
2. Clear identification: the function on the switch is clearly marked and easy to identify.

Function:

1. Control lighting: including the opening and closing of headlights, turn signals, fog lights, etc., as well as the switching of light mode.
2. Control the wiper: adjust the speed and working mode of the wiper.
3. Other functions: It may also include cruise control, Bluetooth phone answering and other functions.

Product name	combination switch (luxury, KX11)
Fuel type	Electric
Color	Black
Material	Aluminum,plastic
Type	Car Electrical Parts
car make	Geely Xingyue L
