

Geely Xingyue L Left Front Steering Knuckle Advanced Technology for Accurate Steering

Our Product Introduction

for more products please visit us on auto-partsspare.com

Basic Information

- Place of Origin: China zhejiang
- Brand Name: GEELY
- Model Number: 4048088200
- Minimum Order Quantity: 1
- Price: RMB+320+PC
- Packaging Details: carton packaging,
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 50000+PC+30day

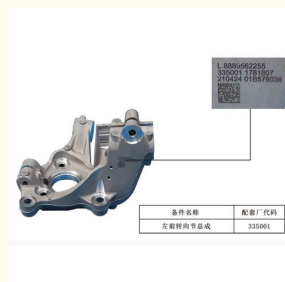

Product Specification

- Product Name: Left Forward Steering Knuckle
- Color: Silver
- Material: Aluminum Alloy
- Type: Car Interior
- Application: Car Inside,Auto Car
- Package: Standard/Protective
- Car Model: Geely Xingyue L
- Size: Standard
- Highlight: **Accurate Steering Steering Knuckle,
Geely Xingyue L Steering Knuckle,
Advanced Technology Steering Knuckle**

Product Description

Geely Xingyue I left forward steering knuckle

Geely Xingyue L left front steering knuckle has the following characteristics:

Advantages:

1. High strength: It can withstand various stresses and loads generated by the steering of the vehicle, and ensure the stability and reliability of the steering system.
2. Accurate manufacturing: Ensure the accuracy of matching with other components, so as to achieve accurate steering operation.

Principle:

As an important part connecting the wheels and suspension, the left front steering knuckle transmits the steering force from the steering rod to the wheels to realize the steering movement of the vehicle.

Technology:

Advanced casting or forging techniques may be used to improve its strength and durability. At the same time, surface treatment technology may be applied to enhance its resistance to corrosion and wear.

Workmanship:

1. Fine processing: ensure the accuracy of each installation hole and connection surface, and reduce assembly errors.
2. Strict quality inspection: ensure that each steering knuckle meets high-standard quality requirements.

Features:

1. Optimized structural design: to reduce weight without reducing strength.
2. Good adaptability: perfectly matched with the overall suspension and steering system of Geely Xingyue L.

Function:

1. Bearing and transmitting steering force: enable the wheels to turn according to the driver's wishes.
2. Support the wheel: bear the weight of the wheel and the impact of the road with the suspension.

In a word, the left front steering knuckle of Geely Xingyue L plays a key role in ensuring vehicle steering performance and driving safety.

Product name	left forward steering knuckle
Color	Silver
Material	Aluminum Alloy
Type	Car Interior
Application	Car Inside,Auto Car
Package	Standard/Protective
Car model	Geely Xingyue I
Size	Standard
