

Car Automotive Replacement Parts Geely Boyue Automatic Shifter ODM

Our Product Introduction

for more products please visit us on auto-partsspare.com

Basic Information

- Place of Origin: China zhajiang
- Brand Name: GEELY
- Model Number: 3090032800R07
- Minimum Order Quantity: 1
- Price: RMB+850+PC
- Packaging Details: carton packaging,
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 50000+PC+30day

Product Specification

- Product Name: Automatic Shifter
- Color: Black
- Material: Plastic
- Type: Car Inerior
- Application: Car Inside,Auto Car
- Package: Standard/Protective
- Car Model: Geely Boyue
- Size: Standard
- Highlight: **ODM automotive replacement parts,
automotive replacement parts Automatic Shifter
, car parts replacement Geely Shifter**

Product Description

Geely Boyue automatic shifter

Geely Boyue automatic shifter has become a bright pearl in the car driving experience with its exquisite craftsmanship, advanced technology, excellent quality and fine workmanship.

The beauty of craftsmanship:

Every detail has been carefully carved. The shell of the gear shifter is made of high-quality materials. After fine treatment in multiple processes, the surface is smooth and delicate, and the touch is comfortable. It not only has excellent wear resistance and corrosion resistance, but also maintains a new appearance in long-term use.

Leading technology:

It integrates the latest automatic shift technology, which can accurately sense the driver's intention and complete the shift operation quickly and smoothly. Its intelligent control system can automatically select the best gear according to parameters such as vehicle speed, engine speed and load to achieve a perfect balance between power output and fuel economy.

Quality first:

It strictly follows international quality standards and has undergone a series of rigorous tests and inspections to ensure stable and reliable work in various complex road conditions and environments. From the selection of parts to the assembly, every link is strictly controlled to ensure the durability and stability of the shifter.

Fine workmanship:

The internal structure is precise and complex, and the matching accuracy between the components is extremely high. Every screw and wire is installed just right, reflecting Geely's persistent pursuit of quality. In the production process, advanced production equipment and technology are adopted to ensure that each shifter can meet consistent high-quality standards.

Significant advantages:

1. Improve driving comfort: The smooth shifting process of the automatic shifter greatly reduces the frustration during driving and makes your driving more comfortable.
2. Enhance driving safety: Accurate shift operation can avoid the loss of control of the vehicle caused by improper shifting, and provide a strong guarantee for your driving safety.
3. Improve driving efficiency: Fast and intelligent shift response enables the vehicle to quickly obtain the required power when accelerating and overtaking, and improve driving efficiency.

Extraordinary effect:

Geely Boyue automatic shifter is not only a simple operating device, but also an important bridge connecting the driver and the vehicle. It can accurately convey the driver's intention to the vehicle and realize the driving state of human-vehicle integration. Whether it is a congested road in the city or the speed of the highway, it can provide you with the best shift solution to make your driving journey more relaxed and pleasant.

Choosing Geely Boyue automatic shifter is to choose a high-quality and high-performance driving experience, so that you can feel the charm of technology and technology on every trip.
