

Waterproof Shockproof Auto Boyue Geely EV Lead Acid Battery Replacement

Our Product Introduction

for more products please visit us on auto-partsspare.com

Basic Information

- Place of Origin: China zhajiang
- Brand Name: GEELY
- Model Number: 7048037200
- Minimum Order Quantity: 10
- Price: RMB+500+PC
- Packaging Details: carton packaging,
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 50000+PC+30day

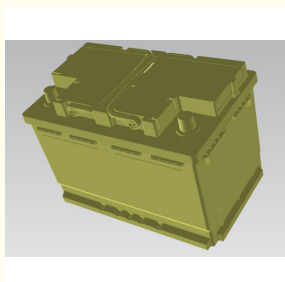

Product Specification

- Product Name: Battery
- Fuel Type: Electric
- Color: Black
- Type: Car Electrical Parts
- Material: Aluminum,plastic
- Car Make: Geely Boyue
- Highlight: Shockproof geely ev battery ,
lead acid geely ev battery ,
Waterproof ev auto battery

Product Description

Geely Boyue battery

Geely Boyue battery shows excellent quality in technology, quality, workmanship and other aspects, and has many advantages and important roles.

In terms of craftsmanship:

Advanced production technology is adopted to ensure the precision and stability of the internal structure of the battery. The manufacturing process of the plate is exquisite, and the active substance is evenly distributed, which effectively improves the charging and discharge performance and service life of the battery.

Technical aspects:

Using advanced lead-acid battery technology, it has good deep circulation ability and fast charging characteristics. At the same time, anti-vulcanization technology may be adopted to reduce the vulcanization phenomenon of the battery during use and extend the service life of the battery.

Quality aspects:

Strictly follow international quality standards and select high-quality raw materials, such as lead plates, electrolytes, etc. After a strict quality inspection process, each battery has excellent performance and reliability.

Workmanship:

The exterior design is exquisite, the shell is strong and durable, and it has good waterproof, dustproof and shockproof performance. The electrode is firmly connected and the line layout is reasonable, which effectively reduces the internal resistance and self-discharge rate.

Advantages:

1. Powerful starting ability: It can provide a large current in an instant to ensure the smooth start of the Geely Boyue engine and perform well even in cold weather conditions.
2. Stable performance: During the operation of the vehicle, it provides stable power support for various electronic equipment to ensure their normal operation.
3. Long life: Through advanced technology and high-quality materials, the battery has a long service life and reduces the replacement cost.
4. Good adaptability: able to adapt to different driving environments and use conditions, with high reliability.

Function:

1. Provide power for vehicle start-up: It is a key part of the vehicle start-up system, which provides electric energy for the start-up motor and makes the engine run.
2. Maintain the operation of the vehicle's electrical system: when the engine is not running, supply power to the lighting, sound, window lifting and other electronic equipment in the vehicle.
3. Stable voltage: Help the electrical system of the vehicle maintain a stable voltage and prevent voltage fluctuations from causing damage to electronic equipment.

In a word, Geely Boyue battery provides a strong guarantee for the normal operation of Geely Boyue and the comfortable driving experience of users with its exquisite craftsmanship, advanced technology, reliable quality, fine workmanship, and significant advantages and important roles.

Product name	battery
Fuel type	Electric
Color	Black
Type	Car Electrical Parts
Material	Aluminum,plastic
car make	Geely Boyue
