

Geely EV Car Interior Parts Aluminium Alloy High Peaker Atlas Vehicle'S Sound System

Our Product Introduction

for more products please visit us on auto-partsspare.com

Basic Information

- Place of Origin: China zhajiang
- Brand Name: GEELY
- Model Number: 7072000600
- Minimum Order Quantity: 20
- Price: RMB+41+PC
- Packaging Details: carton packaging,
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 50000+PC+30day

Product Specification

- Product Name: High Peaker/Atlas
- Color: Black,Silver
- Material: Aluminum Alloy
- Type: Car Inerior
- Application: Car Inside,Auto Car
- Package: Standard/Protective
- Car Model: Geely Boyue
- Size: Standard
- Highlight: **Car Interior Parts sound system,
Aluminium Alloy Car Interior Parts,
ev car parts sound system**

Product Description

Geely Bo's high-peaker

In terms of craftsmanship:

Advanced manufacturing technology is adopted to ensure the accurate production of tweeters. Its shell material is excellent, has good durability and protection performance, and can adapt to the complex environment in the car.

Technical aspects:

Using high-quality materials and advanced acoustic technology, the tweeter can make a clear, bright and penetrating sound. It can accurately restore the music details of the high-frequency part and provide rich and delicate sound effects.

Quality aspects:

After strict quality testing and screening to ensure the stability and reliability of the tweeter. It has good anti-interference ability and can maintain stable performance under various working conditions.

Workmanship:

The details are fine, the installation structure design is reasonable, and it is perfectly integrated with the interior of the vehicle, which does not affect the overall beauty. Its line connection is stable, which ensures the stability and efficiency of signal transmission.

Advantages:

1. Excellent treble performance: it can present a clear and transparent treble, making the music more vivid and enhancing the sense of hierarchy and space of the music.
2. Accurate sound positioning: help create a more accurate sound field, so that the audience can clearly identify the source direction of the sound.
3. Good compatibility: It can be well matched with the vehicle's sound system, work together, and improve the overall sound effect.
4. Strong durability: After strict testing, it has a long service life and can stand the test of daily use.

Function:

1. Improve the quality of music: add bright treble components to the in-car sound system, make the music richer and fuller, and allow drivers and passengers to enjoy a better music experience in the process of driving.
2. Enhance the sense of sound hierarchy: cooperate with other speakers to make the sound perform well at different frequencies, making the sound of the whole sound system more three-dimensional and rich.
3. Improve the auditory atmosphere in the car: clear treble can effectively improve the auditory environment in the car, reduce dullness, and improve the comfort and pleasure of driving.

Product name	high-peaker/Atlas
Color	Black,Silver
Material	Aluminum Alloy
Application	Car Inside,Auto Car
Type	Car Interior
Package	Standard/Protective
Car model	Geely Boyue
Size	Standard
