

## Electric EV Car Engine Oil Vehicle Maintenance Accessories For Geely Boyue

Our Product Introduction

### Basic Information

- Place of Origin: China zhajiang
- Brand Name: GEELY
- Model Number: 550046007
- Minimum Order Quantity: 200
- Price: RMB+62+PC
- Packaging Details: carton packaging,
- Delivery Time: 20-30Work days
- Payment Terms: MoneyGram
- Supply Ability: 50000+PC+30day

### Product Specification

- Product Name: Engine Oil/motor Oil/engine Lubricant
- Color: Black
- Size: Customers Request
- Type: Car Maintenance Accessories
- Package: Carton Box / Color Box
- Application: Lubricate
- Highlight: ev car engine oil Accessories,  
Geely ev car engine oil,  
Geely electric car engine oil

## Product Description

### Geely Boyue engine oil

#### Process:

The production of Geely Boyue engine oil adopts a fine refining and blending process. Starting from the selection of crude oil, it goes through a series of strict refining steps to remove impurities and bad ingredients. Then, through accurate ratio, various additives are mixed with base oil to achieve the best performance index.

#### Technology:

- Advanced anti-wear technology is used to form a tough protective film on the surface of the engine parts, which effectively reduces the direct contact and wear between metals and prolongs the service life of the engine.
- It has excellent clean dispersion technology, which can prevent the formation of sludge and carbon accumulation, and suspend the formed dirt so that it can be discharged when the oil is changed to keep the engine inside clean.
- It adopts high-efficiency antioxidant technology to resist high temperature and oxidation, prevent oil from spoilage, and maintain the stability and durability of its performance.

#### Quality:

- Strictly follow international and industry quality standards, and go through a number of strict testing processes to ensure that the quality of the oil meets or even exceeds the requirements of Geely Boyue engine.
- Strictly control the quality of raw materials, and only use high-quality base oils and high-performance additives to ensure the high-quality of oil from the source.

#### Workmanship:

- Pay attention to details, and the packaging of the oil is tightly sealed to prevent leakage and external pollution. The labels and instructions are clear and accurate, providing users with detailed usage guidance and product information.

#### Advantages:

- Designed for Geely Boyue engine, it can perfectly match the characteristics and working requirements of the engine, providing excellent lubrication and protection.
- Under various working conditions, including high temperature, high speed, heavy load, etc., it can maintain stable performance and provide reliable support for the engine.
- It helps to improve fuel economy, reduce fuel consumption and save usage costs.

#### Function:

- The primary function is to lubricate, reduce friction and wear between the moving parts inside the engine, reduce power loss, and improve mechanical efficiency.
- Cool the engine, take away the heat generated inside the engine, and assist the heat dissipation system to maintain the normal working temperature of the engine.
- Seal the gap between the piston ring and the cylinder wall to prevent the leakage of combustion gas and improve the compression ratio and power output of the engine.
- Anti-rust and anti-corrosion, protect the metal parts inside the engine from corrosion and oxidation, and prolong the service life of the engine.

In a word, with its exquisite technology, advanced technology, reliable quality, fine workmanship, significant advantages and important roles, Geely Boyue engine oil provides all-round protection and excellent performance support for Geely Boyue's engine, which is the key factor to ensure the normal operation of the vehicle and give full play to the best performance. One.

Product name	engine oil/motor oil/engine lubricant
Color	Black
Size	Customers Request
Type	Car Maintenance Accessories
Package	carton box / Color Box
Application	lubricate
