Product Description

Geely Geometry A black plastic and stainless steel can decorate the outer threshold of the vehicle.

Description:

I. Appearance and design

The decorative panel under the outer threshold of Geely Geometry A has smooth and natural lines, which are perfectly integrated with the body lines. Its unique design not only adds the overall beauty of the vehicle, but also shows the charm of fashion and dynamic.

II. Material and craftsmanship

It adopts high-quality [specific material] and has excellent wear resistance and corrosion resistance. After fine processing technology, the surface is smooth and delicate, and the texture is full. Every detail has been carefully polished to highlight the high-quality production level.

III. Protection function

This decorative board provides solid protection for the outer threshold. Whether it is frequent getting on and off the train or scratching collisions with the outside world, it can effectively resist, protect the threshold from damage, and extend the service life of the car body.

IV. Easy-to-clean characteristics

Its surface has special treatment, so that dust and stains are not easy to adhere to. When cleaning, you only need to wipe it gently to quickly restore cleanliness and tidiness, saving time and energy for your daily maintenance.

V. Convenience of installation

The installation process is simple and fast, without the need for complex tools and professional technologies. Accurate size matching ensures that the decorative board can perfectly fit the outer threshold, is stable and reliable after installation, and does not affect the normal use of the vehicle.

VI. Brand value embodiment

As part of Geely Geometry A, the decorative board under the outer threshold inherits the exquisite craftsmanship and excellent quality of the brand, shows Geely's persistent pursuit of details, and brings you a better driving experience.

Applications:

1. Protective effect: It can protect the threshold of the car from being trampled on and scratched when getting on and off the bus, reduce wear and damage, and prevent rust or corrosion of the threshold to a certain extent;
2. Anti-scratch: avoid scratches caused by some sharp objects or other items on the external threshold;
3. Decorative function: As an accessory to decorate the car threshold, it can improve the overall beauty of the vehicle;
4. Convenient cleaning: Compared with the threshold without decorative panels, it is more convenient for daily cleaning;
5. Enhance the texture: improve the texture and grade of the car, and give people a better visual experience;
6. Special logo: Some decorative panels may have a car model logo or brand logo, which plays a certain role.

Specifications:

Product name	Decorative panels under the outer threshold
Color	Black
Material	plastic and stainless steel
Type	Car Body Parts
Application	Decorative vehicles
Package	carton packaging
Weight	lightweight
Style	simple

Feature Advantage:

- Protective effect: Effectively protect the outer threshold from pedaling, scratching and collision in daily use, reducing wear and damage, preventing rusting or corrosion of the threshold to a certain extent, and helping to extend the service life of the body.
- Decorative effect: Its lines are smooth and natural, and integrated with the body lines, which can improve the overall beauty of the vehicle and make the vehicle more fashionable and exquisite.
- Excellent material: It is made of wear-resistant and corrosion-resistant material, with good quality and durability. The surface is finely treated, smooth and delicate, and the texture is good.
- High matching: the size is accurate, and it can fit perfectly with the outer threshold. It is stable and reliable after installation, and does not affect the normal use of the vehicle.
